

CONCRETE CLEANER

LYNX CONCRETE CLEANER is an economical granular cleaner with a highly concentrated blend of detergents, alkali builders, emulsifiers and solvents for fast and effective removal of dirt and grease. Ideal for use in garages, filling stations, bus terminals and other industrial areas. May also be used as a white side wall tire cleaner.

DIRECTIONS: Concrete Floors: Wet floors, sprinkle on and allow to set for a few minutes. Scour with deck brush and rinse with clean water. This product penetrates and emulsifies hard to get soils. **Pressure Type Spray Systems:** Add 3 to 5 pounds per 100 gallons of water in solution tank depending on pressure. High pressure units require less concentration than low pressure units. **Manual Tire Cleaning:** Add 2 to 4 ounces per gallon of water. Apply with brush in circular motions. Rinse washed areas with plenty of clear water.

DANGER: Corrosive. Keep out of reach of children. It is recommended that protective gloves and safety glasses be worn when using this product. Refer to M.S.D.S. for additional safety information.

TYPICAL PROPERTIES:

pH (0.5% solution):.....	11.5
Alkalinity (as Na ₂ O)	
Total:.....	26%
Active:.....	20%
Appearance:.....	light orange powder <i>(turns green on contact with water)</i>
