

VAPOR EXTRACTION SHAMPOO

LYNX VAPOR EXTRACTION SHAMPOO is a highly concentrated heavy duty alkaline carpet cleaner specifically formulated to remove grease, oil and soil from older easily soiled carpets.

- Formulated with synthetic wetting agents, solvents, water softeners, optical brighteners, and anti-foaming agents.
- Leaves carpets with a spring fresh scent.

DIRECTIONS:

DO NOT USE ON STAIN-RESISTANT CARPETS.

Hot Water Extraction: Dilute 1 ounce to each gallon of water in the solution tank. **Heavily Soiled Carpets:** Use 2 ounces per gallon of water. **For Hard Water:** Start with 1 ounce per gallon of water and check the solution for clarity. If slightly cloudy, add enough concentrate to clear the solution. **Traffic Lane Pre-Spotting:** Use 2 ounces per gallon of water. **Bonnet Cleaning:** Although this product has been formulated specifically for steam extraction, it is also a good bonnet cleaner when used as directed. Dilute as above, and spray approximately 100 sq. ft. at a time, holding sprayer 12" to 16" above carpet. Avoid soaking carpet. Dampen bonnet pad with water, do not soak. Spray bonnet with cleaning solution and place bonnet under machine on carpet, sprayed-side down. Buff carpet over sprayed area, turning the pad over or changing it when heavily soiled. Allow carpet to dry for 30 minutes to an hour, then vacuum thoroughly.

DANGER: CORROSIVE. Keep out of reach of children. May cause eye and skin irritation. It is recommended that protective gloves and safety glasses be worn when using this product. Refer to M.S.D.S. and product label for additional safety information.

TYPICAL PROPERTIES:

Specific Gravity:	1.1
pH:	12.5
Total Alkalinity (as Na ₂ O):.....	4.2%
Fragrance:	Spring Fresh
Appearance:	Light blue liquid

Manufactured by:
ABC COMPOUNDING COMPANY, INC.
