

## DUST MOP TREATMENT

LYNX DUST MOP TREATMENT is a premium oil based mop treatment for dusting floors and walls. Formulated for use with dust mops.

**DIRECTIONS:** Spray top of mop strands. Do not spray ends of strands. Do not saturate. Allow mop to dry several hours before using. After dust mop has been used, shake to release the small balls of dust that have formed. A treated mop should cover about 5,000 square feet. Use warm water to clean mop before re-applying this product.

**DANGER: FLAMMABLE.** Keep out of reach of children. Use only with adequate ventilation. Contents under pressure. Do not expose to heat or store at temperatures exceeding 120°F. Do not puncture or incinerate container. Wrap empty container and put in trash collection. Refer to M.S.D.S. and product label for additional safety information.
