

D-LIMER

LYNX® D-LIMER removes film or any type of mineral deposit from coffee urns, dishwashers, ceramic, porcelain, glassware, aluminum, stainless steel, etc.

DIRECTIONS: De-scaling Dishwashing Machines: Fill wash tank with solution of 8 oz. to each gallon of water. Heat water and operate machine until scale is dissolved. Apply full strength where spray does not reach. Drain tank and fill with fresh water and operate for 5 minutes to rinse. Drain and permit to dry. **Ceramic-Porcelain-Enamelware:** Mop or brush with a solution of 1 oz. per gallon of hot water. For heavily filmed surfaces allow solution to soak. Rinse thoroughly and permit to dry. **Glassware & Coffee Urns:** Wash in solution of 1 oz. concentrate to 1 gallon of hot water. Rinse thoroughly with potable water. **Food Serving & Preparation Equipment-Aluminum Cleaning:** Soak or brush with solution of 3 oz. per gallon hot water. Rinse thoroughly with potable water. **Stainless Steel Cleaning:** Apply full strength with cloth or sponge. Will not etch. Rinse thoroughly with potable water. **Floors and Carpets:** Dilute ½ to 1oz. per gallon of water to neutralize alkaline residues from wax stripping or carpet extraction. Rinse thoroughly with water.

DANGER: Keep out of reach of children. Read label and SDS before use. Causes severe skin burns and eye damage. May be corrosive to metals.

Refer to S.D.S. for additional safety information.

TYPICAL PROPERTIES:

Specific Gravity:.....	1.086
pH:.....	1.5
Acidity:.....	16.2%
Phosphates (as P ₂ O ₅):.....	8.6%
Appearance:.....	Clear colorless liquid
Odor:.....	Odorless

FEATURES

Dissolves Lime Scale
And Film

Mild Phosphoric
Acid-based

Eliminates The Need For
An Abrasive Type Cleaner

BENEFITS

Economical
Brightens Metal Surfaces

WHERE TO SELL

Food Service
Establishments

Such As:

Restaurants, Bars,
Cafeterias & Kitchens

Commonly Found In:
Schools & Healthcare
Facilities

Food Processing Plants
(Beef, Poultry, Fish,
Canneries)
