

WASP & HORNET KILLER

LYNX® WASP & HORNET KILLER has a dielectric breakdown voltage of 47,300 volts. Can be used both indoors (attics) and outdoors on wasp & hornet nests. Contains the synergist piperonyl butoxide, permethrin & tetramethrin. Kills the entire nest. Contains no CFC's or other ozone depleting substances. Federal regulations prohibit CFC propellant in aerosols. Acts as a barrier that prevents insects from entering the home.

DIRECTIONS: For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. May cause staining (darkening) of asphalt surfaces and shingles. Remove protective cap. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill wasps, hornets, yellow jackets and bees on the outdoor surfaces of eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray for about 1 - 2 seconds or until surfaces are moist. To prevent entrance of insects into the house, spray around points where insects enter such as outside plumbing, faucets, etc., and cracks or crevices in foundation as well as along sills and ledges.

CAUTION: Causes moderate eye irritation. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Refer to SDS and product label for additional safety information and directions for use.

TYPICAL PROPERTIES:

Specific Gravity:.....0.81
Conductivity:.....47,300 volts

Active Ingredients-

Tetramethrin.....0.10%
Permethrin0.25%
Piperonyl Butoxide.....0.50%
Other Ingredients99.15%
Odor:.....Insecticidal
Propellant:Carbon dioxide
Spray Characteristics:20 ft. stream
Net Weight:.....14 ounces (397g)

Manufactured by:
ABC COMPOUNDING COMPANY, INC.
ATLANTA, GA/DALLAS, TX

LX3000

LX3000-4600.060922

FEATURES

Contains No CFC's
Fast Acting
Shoots A 20 Ft. Stream

BENEFITS

Non-conductive
Highly Effective

WHERE TO SELL

Utility Companies
Apartment Complexes
Amphitheaters
Lodging Facilities
Golf Courses
Schools / Universities
Healthcare Facilities
Office Buildings
Shopping Centers
