

DETERGENT Liquid Machine Dishwash

DIRECTIONS: CARRY BY HANDLE ONLY. For high or low temperature dish machines, add .25 ounces per gallon of water. If water hardness is above 12 grains, add an additional .25 ounces per gallon of water. Maintain wash water alkalinity at 100-200ppm depending on soil conditions. Clean machine daily for best results.

DO NOT use on aluminum or other soft metals.

These figures are average requirements for standard machines where no unusual amount of dilution of washing solution is encountered.

DANGER: Keep out of reach of children. Read label and SDS before use. Causes severe skin burns and eye damage. May be corrosive to metals.

Refer to S.D.S. for additional safety information.

TYPICAL PROPERTIES:

Specific Gravity:..... 1.1
pH:..... >13
Appearance: Red liquid
Fragrance: Odorless

FEATURES

Concentrated
Prevents spotting
Suitable for automatic dispensing

BENEFITS

For low-temp or high-temp machines
Phosphate Free

WHERE TO SELL

Food Service Establishments
Such As:
Restaurants, Bars, Cafeterias & Kitchens
Commonly Found In:
Schools & Healthcare Facilities
Food Processing Plant (beef, Poultry, Fish, Canneries)
