

RINSE DRY LIQUID III

Designed for use with injection pumps, but may be used in hot rinse water. This nonsudsing rinse material provides spotless drying without wiping. For use on glasses, dishes, plastics, and silverware.

DIRECTIONS

1. Set the dispenser according to manufacturer's instructions to dispense Rinse Dry Liquid III during the rinse cycle.
2. Use 3–6 ml of Rinse Dry Liquid III per rack of dishes.
3. Run several test racks to check for proper sheeting and drying of dishes. If sheeting and drying is not sufficient, increase dosage by 1 ml per rack until sufficient sheeting action is achieved.
4. For high water hardness, an increased dosage may be required.
5. Do not overdose.

WARNING: Keep out of reach of children. Read label and SDS before use. Causes serious eye irritation. Causes skin irritation.

Refer to S.D.S. for additional safety information.

TYPICAL PROPERTIES:

Specific Gravity:..... 1.0
 pH:..... 10
 Appearance: Blue liquid
